

MAEVING

Mobile Motorcycle Technician

Maeving is a new British electric motorcycle manufacturer. Everything, from the design to the Direct-to-Consumer business model, represents a significant disruption in what is already an exciting emerging sector. Based in Coventry, the heartland of British motorcycle heritage, our small and dynamic team is responsible for some of the most iconic British motorcycles of the last 25 years.

We're looking for a smart, skilled and organised Mobile Motorcycle Technician & Delivery Driver to join our growing team. You'll work directly with the Delivery and Aftersales Team as well as the Design and Assembly Teams. The role will focus on executing customer deliveries, services and repairs at customer's homes across the UK. This is a stretch role and an opportunity to join an innovative start up, where you'll see the impact of your work daily.

This is a stretch role and an opportunity to join an innovative start up, where you'll see the impact of your work on a daily basis.

Responsibilities

- Executing services and repairs both in the field and in the Maeving workshop to the Maeving standard (tools provided by Maeving). 3-5 trips per week depending on requirements.
- Delivering customer motorcycles and representing the Maeving brand.
- Maintaining a professional and friendly manner when interacting with customers.
- Happy & confident driving long hours and when necessary, staying out overnight (expenses covered by Maeving)
- Completing repair and service paperwork both in the office and the field. Updating digital systems to ensure accurate records of parts, labour, transport and warranty work are kept.
- Detailing work (pre-delivery inspection)
- Working with the Delivery & After Sales team to improve the Maeving Workshop. This includes anticipating customer challenges and proactively solving issues before they materialise.

Experience

- 2 years working as a technician in the automotive industry
- Motorcycle Technician Training/ Working in Maeving Production
- Comfortable using computer and phone apps to execute daily tasks
- Some form or experience with automotive electronics
- Full car driving license
- Full motorcycle driving license

Qualities

- Proactive, enthusiastic and organised
- Happy with face-to-face customer interaction
- Logical and good at problem-solving
- Process driven
- Eager to grow with the company and develop new skills
- Interested in the automotive industry and electric vehicle technology specifically
- Eager to gain new qualifications in electric vehicle technology
- Determined to leave the world better than you found it

Benefits

- Stock options
- Discounted Maeving purchase
- Opportunity to fast track your skills, working in a small team where your impact will be felt and recognised.

This will be the best job you ever had.

If you're someone who wants to get on the ground floor of a British EV manufacturer with strong growth prospects, if you're energetic, good with people and willing to work hard, if you're ready to put in the hours and progress quickly, this role is for you. We're a motivated, dynamic, fast-moving team with a flat structure: everyone speaks to everyone, and we all treat each other with respect. We are all driven by the desire to create something great. Come and join us
